

The Quincy Union.

"Pledged but to Truth, to Liberty and Law,
No favor sways us and no fear shall awe."

QUINCY, PLUMAS CO., CAL.
SATURDAY, APR. 11, 1868.

FOR PRESIDENT,
HENRY H. HAIGHT.
Subject to decision of the National Democratic Convention

TRUTH STRANGER THAN FICTION.—The Legislature adjourned, and singular to relate, left over one million, three hundred thousand dollars in the State Treasury. The like was never before known. The lobby, especially the radical members, were loud in their denunciation of the Legislature, because so few of their swindling bills were passed. The people have cause to rejoice, and while they rejoice, let them remember that the Democrats have proved true to their pledges of reform. The following is a copy of the report of the Board of Examiners of Money in the State Treasury on March 31st, 1868:

H. H. Haight, Governor; H. L. Nichols, Secretary; and Jo. Hamilton, Attorney General, being duly sworn, deposed and say that on the 31st of March, A. D. 1868, they proceeded to count the moneys in the State Treasury, and upon such counting, ascertained the amount therein to be Thirteen Hundred and Thirty-two Thousand Five Hundred and Ninety-four Dollars and Forty-seven Cents, as follows: Gold and silver coin, One Million One Hundred and Ninety-six Thousand One Hundred and Twenty-three Dollars and Eighty Cents; Legal Tender Notes, One Hundred and Thirty-six Thousand Four Hundred and Seventy Dollars and Sixty-seven Cents.

BLACKROCK.—Arnold Hague, Assistant Geologist A. S. G. E., has made a careful analysis of the Blackrock ores, and fails to find any silver in them. The Enterprise remarks:

The verdict of Mr. Hague, we infer, will dissipate whatever lingering faith there may be in Blackrock. Operations in that district have already been practically abandoned, but we are aware of a few people who still retain hopes of a resurrection, and a belief that Isenbark will yet inaugurate a Blackrock millennium. The sooner they concur in the general opinion that he has been "salting" the ores worked at Dall's mill, the sooner they will arrive at a just appreciation of one of the boldest and most stupendous swindles whose perpetration was ever attempted. We trust the report of Mr. Hague may assist them speedily to such a conclusion."

HIRAM.—According to Gen. Grant's father's statement as published in a N. Y. paper, the name of the noble-hearted individual who refused to allow any exchange of prisoners to be made during the summer of '64, is Hiram U. Grant. That is the name given him by his parents and the one by which he was christened.

WHO CAN TELL?—Why was it that in Gen. Grant's report of the battle of Pittsburgh Landing he does not mention the fact, that he ordered a retreat, and by so doing exonerated the Ohio troops who heard and obeyed the order, from the charge of cowardice?

TO CURE A FELON.—As soon as the parts begin to swell, wrap the part affected with a cloth thoroughly saturated with the tincture of lobelia, and the felon is dead. An old physician says he has known it to cure in scores of cases; and it never fails if applied in season.

"Are they going to take a bath?" asked Mrs. Persimmon, at one of our theatres, as the dancers made their appearance to execute a well known figure. Mr. Persimmon guessed not, because they wear more than that at Cape May, when they bathe.

A DESCRIPTION.—Mr. Coble advertises his runaway apprentice, R. Strong, in the following style: "He can be identified by the fact that he has not combed his hair since the Fourth of July, 1865, and cannot speak ten words at a time without uttering twenty falsehoods."

A celebrated lawyer once said that the three most troublesome clients he ever had were a young lady who wanted to be married, a woman that wanted a divorce, and an old maid who didn't know what she wanted.

JUST SO.—There are young women who will lay their heads upon the bosom of one lover to gaze and wink at another.

MORE.—The imaginations of men do more than nature to make women beautiful.

RAILROAD MATTERS—A NEW ALLY

The friends of the Feather River Railroad in Butte and Plumas counties will no doubt be very agreeably surprised and at the same time highly gratified when they read the Sacramento Union's editorial of April 1st, headed "A New Railway Survey." We had no reason to look for so flattering a notice of our route coming from this source; we supposed, judging from the past course of the Union in connection with railroad matters, that no route that would be likely to come in competition with the Central Pacific would receive more than a passing notice from that journal, and it speaks volumes in our favor, that the paper that has done more than all others combined, to bolster up the Dutch Flat impracticability, should at last virtually abandon their pet "Central Pacific" and acknowledge the great advantages of the Feather River route over all others. The Union says:

"The figures of the altitude accompanying the map are to us very surprising. We had never believed it possible that a passage for a railway could be found through the Sierra Nevada Mountains with anything like the easy grades and exemption from snow claimed for this. The character of the engineers coupled with the fact that they have been long engaged in the survey and are confirmed in their statements, by the testimony of credible witnesses who reside along the line of the survey, in the worst places, will not permit us to doubt the figures given. These figures show that the greatest altitude that will be encountered between Oroville, and Virginia is at Buckwheat Pass, and that is less than 4,150 feet above tide water. The highest grades to be overcome are 67 feet per mile for 24 miles and 66.6 feet for 34 miles. *

"The reader will be astonished to learn that the grades on this route are nowhere more abrupt or greater to the mile than on the Bay end of the Valley and Marysville road with which it is intended to connect. There are, indeed, few roads in the United States east of the Alleghany Mountains built on such easy average grades as this route permits. The ascent to the Pass is almost imperceptible for some miles westward, and there is hardly any declination of the ground eastward. Indeed, there cannot be, when we reflect that the altitude of the Humboldt river is little over 4,000 feet above sea level, while that of the Pass is but 4,150 feet, according to this report."

"We are informed that the Senate cut down the amount to \$2,300, but not having seen such a statement in the proceedings of the Senate, we are at the opinion that the full amount is appropriated. As we understand it, the bill does not provide for paying for personal services, only for provisions, supplies, horse hire, etc. Bills are to be presented to the Supervisors within six months, who are empowered to audit and approve them. The State then pays the debts. The law regulating the election of Supervisors has been amended, but we are unable to state in what particular.

"Act to repeal parts of an Act authorizing the Board of Supervisors of Plumas county to aid in constructing certain wagon roads in said county, approved March 31st, 1866." In this act repeals the law passed two years ago which was submitted to the people, and accepted by them. The \$65,000 appropriation to the river wagon road and the \$15,000 appropriation to the Indian Valley wagon road are both repealed. The repealing of the \$15,000 grant was, in our opinion, decidedly wrong, and Mr. Buckbee did not represent the interest or wishes of the people of Indian and American valleys, or, in fact, the interests of any section of the county when he advocated its repeal.

"An Act authorizing the Board of Supervisors of Plumas county to take and subscribe to the capital stock of the Oroville and Virginia City Railroad Company, and to provide for the payment thereof." An order of the Board of Directors, F. B. Whiting, Quincey, April 8th, 1868. Secretary.

NOTICE TO CONTRACTORS.

SEALED PROPOSALS WILL BE RECEIVED by the OROVILLE & VIRGINIA CITY RAILROAD COMPANY, at their office in Quincey, Plumas County, Cal., until the Fifteenth day of May, 1868, for grading that portion of the Road between Oroville and American Valley.

Bids will be received for, and Contracts let in Sections of Twenty Miles each, according to Plans and Specifications on file in the Company's Office, at Quincey.

OROVILLE & VIRGINIA CITY RAILROAD COMPANY.

BARGAINS! BARGAINS!

ANNIVERSARY

CELEBRATION.

TELEGRAPHIC SUMMARY

An election for members of Congress has been ordered in Louisiana. . . . The U. S. Grand Jury have found a new indictment against Jefferson Davis. . . . Gen. Nagle, the American Fenian, will be tried in the Court of Queen's Bench in May, for treason and felony. . . . The miners' riots in Belgium are spreading. . . . The army in France has been increased over 50,000. . . . Riots are numerous in Bavaria. . . . Fire has been discovered in the Irish portion of Montreal, and great excitement exists in consequence. The Canadians are fearful of another Fenian outbreak. . . . The hard rubber patent has been issued to W. Muller instead of W. Goodyear. . . . The impeachment trial is progressing slowly. Several witnesses have been examined. The Chief Justice and the managers of the trial have had a falling out. Chase contended that he was the proper person to decide upon the admissibility of evidence, and the managers thought differently. . . . The immigration to California this year will be immense. The steamer of the 1st from New York, refused over 1200 applicants for passage. . . . Witnesses are being examined in the Impeachment trial. . . . The difficulty between Grant and Beau Butler has been "brought up." . . . The election in Rhode Island went republican as usual. . . . The Senate overruled the Chief Justice in regard to his order in refusing to allow certain evidence to come before the Court. . . . Gen. Ord has sailed for California. . . . Grant is said to favor impeachment. . . . The President has signed the bill exempting manufacturers from internal taxes. . . . The Tycoon of Japan has abdicated the throne.

STATE NEWS SUMMARY.

The order of procession and line of march will be under the direction of P. G. L. C. Charles. Brethren of the Order, in good standing, are requested to be at the Hall at one o'clock P. M., and citizens generally are cordially invited to listen to the Address, and attend the Ball in the Evening.

THE GIBSONVILLE BRASS BAND will furnish music for the occasion.

I. O. O. F. BALL.

In the evening, a Grand Ball will be given at THE PLUMAS HOUSE HALL.

LOCAL ITEMS.

STARTED.—The Crescent mill commenced crushing again on Sunday last.

LASSEN.—The debt of Lassen Co. on the 2d of March, was \$36,697 20.

MEETING.—See notice of the Sec'y of the Oroville & Virginia City R. R. Co., published in another column.

CONTRACTS.—The Oroville & Virginia City R. R. Co. advertise for proposals to build certain sections of their road. See notice elsewhere.

COMMISSIONER.—H. L. Gear has been appointed a Commissioner to administer oaths in cases in Bankruptcy, under the U. S. Insolvent Law.

DIDN'T GET IT.—Maj. Love failed to get any position at the States Prison, but has a much better birth. He is a superintendent of a gang of men on the Western P. R. R.

STOPPED.—Wescott & Co.'s mill has suspended operations for the present. We did not learn the reason, but hear it reported that some disagreement between the owners exists. It will probably start again in a few weeks.

TO PURCHASE.—Mr. W. G. Young, of Indian Valley, passed through this place on Thursday last on his way below. He will probably purchase the machinery for a new flouring mill, which he intends building in the North Arm.

VACANCY.—The office of County Surveyor of Plumas County is vacant. The candidate elected at the last election failed to qualify. The Supervisors should appoint some suitable person to the office at their next meeting.

NOT YET.—Mr. Buckbee has not yet returned to Plumas. We hear it reported that he would not refuse the nomination of Congressmen if it was tendered to him. Mr. B. was elected as State Central Committee man from this county.

NEW BRIDGE.—A new bridge is being built across the East Branch of Feather River at the Kingsbury's old ferry crossing. Mr. E. D. Hall is superintending the work, and expects to have the bridge completed by the 1st of May.

DISSOLVED.—The copartnership heretofore existing between Smith & Perine, in this place, was dissolved by mutual consent on the 6th. Mr. Perine having purchased Mr. Smith's interest, will carry on the business as usual. Give him a call. See notice in another column.

PERSONAL.—J. D. Goodwin and Capt. Cunningham came up on Wednesday's stage. Goodwin reports the R. R. Co. affairs in flourishing condition, and Capt. says he has enjoyed himself during the past winter in Sacramento, and from appearances we think that his story is correct.

GOING AHEAD.—The owners of the Enterprize mill and mine in Light's Canon, are going ahead with the mill and intend to have it in running order this summer. They have a number of men at work in the ledge and are finding some very good looking silver-bearing ore. The owners of the property reside in San Francisco.

WAR DECLARED.—We understand that a civil war on a small scale has been inaugurated in Genesee Valley. E. Light has taken possession of the Lebanon Quartz Mill, built fortifications, and intends to hold it by force. Active hostilities have not been commenced, but we look for exciting news from that locality in a few days. Some one will get killed if they fool around that mill much longer, that's sure.

WON'T COME.—We learn by the Butte Record, that the Register in Bankruptcy for this District, does not intend to keep his appointment to be in Oroville as advertised, and we presume that he will not come to Quincy, as was stated he would be in the Union a couple of weeks since. Any persons desirous of taking the benefit of the National bankrupt law, can procure all necessary information by calling upon any of the practicing attorneys in the county.

DIDN'T LIKE IT.—Before our paper was issued last week, it was reported that La Porte had been annexed to Sierra. The report was believed by a majority of our citizens, some of whom felt like getting mad about it, while others, a small number, we are pleased to state, felt pleased to think that that section had been set off. The statement made by our paper, which was afterwards confirmed, served to allay all angry passions in regard to the subject.

TOO LATE.—A petition signed by every resident, except five, of the Gibsonville and Newark precincts in Gibsonville Township, Sierra Co., praying the Legislature to make State Creek the boundary line between Plumas and Sierra, so as to include the above named places in Plumas, was forwarded to the Legislature, but arrived there the day after the bill changing the line had passed. The petition was therefore one day too late, and, consequently, the people of that locality will be obliged to bear true faith and allegiance to Sierra for two more years.

O. O. F. CELEBRATION.—In another column we publish the programme for the Odd Fellows' Celebration, which takes place on the 27th inst. The Lodge and the officers who have been appointed to superintend the arrangements, will spare no pains to make it a celebration worthy the day they celebrate. It will be a success. A cordial invitation is extended to all, both members of the order and those not initiated into its mysteries to attend, and we hope to see a large delegation present from every precinct in the county. Owing to the late hour that the notice was handed in, we are unable to give more than a passing notice in this issue.

HOOTERS.—At the meeting of the Supervisors in February, no appointment for Road Tax Collector for Crescent District was made. The records were read, approved signed and published. We learn, however, that during the past two weeks, True, the Supervisor of the 2d District, has appointed T. F. Emmons to the position, and that he has taken the oath, filed his bond, and that road tax receipts have been issued to him. It is an illegal appointment, and Mr. E. can not legally enforce the collection of a single dollar, in fact we believe that if parties should pay him they could be forced to pay their tax the second time, after he or some other person is legally appointed as collector for that District. The Supervisors of this county seem to be under the impression that they are the Supreme rulers of Plumas, and that, like the commanders of the Southern military districts, their word or command is law and must be obeyed. They must think that they are little kings, emperors or Tycoons, and the people, serfs, subjects or slaves. The proposition that one Supervisor can make appointments, and that too, in vacation, is the most absurd we have yet seen advanced even by the present Board of Supervisors of Plumas county. They had better examine the law and learn the powers and duties of Supervisors, before making any other appointments. Where ignorance is bliss, 'tis folly to be wise."

EAST BRANCH ITEMS.—Four feet of snow, fell at Long Bar during the past winter, more than ever before known since the place has been the abode of white men. Mr. W. Tucker, who purchased Kellogg's claims on Indi Hill, last fall, has struck an excellent prospect and opened up new claims on the hill above the old claims. He intends to work them with a hydraulic. It is supposed to be an extension of the famous "Irish Billy crevice." The Bunker Hill Co. have commenced piping on an upper bench in the claims, and they have found excellent prospects. On Smith's Hill, Miller & Co. are still mining on the ravine streak of gravel. Keep & Co. are preparing to open claims on the side hill back of Smith's Bar. Bolger & Co. in French Ravine, have just reached new ground again. The last few benches they cleaned up did not pay more than wages. The bar claims are mostly owned and worked by Chinamen. A couple of men are at work in the French Ravine quartz ledge. But little mining has been done on the river during the past winter, consequently, times are rather dull in that locality, but the indications are good for a lively time this summer.

TO CONTRACTORS.—We have received a post issued by the Oroville and Virginia City R. R. Co., which reads as follows: "Sealed Proposals will be received by the Oroville and Virginia City Railroad Company at their office in Quincy, Plumas Co., until the 15th day of May, 1868, for grading that portion of their road between Oroville and American Valley. Bids will be received for Contracts let in Sections of Twenty Miles each, according to Plans and Specifications on file in the Company's Office, in Quincy."

That looks like business.

TAXATION.—The people of Plumas county have never known what it was to be obliged to pay heavy taxes on property, but we opine that they will soon have a taste of taxation, such as they have in Sacramento and some of the other counties. The tax for the present year will probably be over \$30.00 on \$100. Tax payers, how do you like the prospect? The extravagant expenditures and allowances made by the Supervisors during the past two years will now commence to strike home, and we are glad of it. You will have taxes to pay from this on, and unless the affairs of the county are hereafter conducted on the most economical plan, the rate of taxation in two years will be more than \$4 on the \$100. Under the present prospect, will the Supervisors dare to continue to furnish the party organ with "paps?" Will they dare force the people to pay a dollar more than is actually necessary? This matter now comes home to the pockets of the people, and if they submit to it without grumbling, we hope the Supervisors will sink the county so deep in debt that its scrip will not be worth 10 cents on the dollar.

A writer in the Pacific Medical Journal says that high-heeled shoes are a fashionable nuisance, and will lead to deformed legs in children and be no improvement to those ladies who wear them.

DEMOCRATIC COUNTY CONVENTION.—

At a meeting of the Democratic County Central Committee, for Plumas County, held in Quincy, April 3d, 1868, it was

Resolved, That a Democratic County Convention be held in Quincy, on Monday, April 20th, 1868, for the purpose of electing five delegates to the State Convention, and for the transaction of such other business as may then come before it.

Delegates to the County Convention will be elected in accordance with the following apportionment, based on the last vote for the Democratic candidate for Governor, His Excellency H. H. Wright, giving one for each precinct, and one additional one for every twenty votes, and one for each fraction of ten or over, with Port Wine 2, La Porte 5, American Hill 1, Grass Valley 1, Sawpit 3, Poorman's Creek 2, Nelson Point 2, Jamison 4, Summit 3, Greenville 4, Round Valley 2, Rush Creek 1, Crescent Mill 4, Taylorville 2, Marion Flat 1, Big Meadows 1, Rich Bar 3, 12 Mile Bar 1, Spanish Ranch 2, Buck's Ranch 2.

The Committee recommended that the Primary election be held throughout the county, on Saturday evening, April 18th, and that the only test be, that established by the State Central Committee.

"All voters, opposed to the Radical policy of Congress, to Negro or Chinese suffrage, and in favor of a Constitutional administration of the Government of the whole Union, shall be entitled to vote for Delegates."

The Committee urgently request the Democrats of each precinct to take immediate steps to organize the party throughout the county, with a view to a full representation in said Convention, and an energetic and determined fight in the coming campaign.

By order of the County Committee.

E. T. HOGAN, Sec'y.

Notice.

THE PARTNERSHIP HERETOFORE EXISTING between the undersigned, under the firm name of Smith & Perine, has been dissolved by mutual consent.

J. M. Perine assumes all debts and liabilities of the firm, and all outstanding debts due the Company, must be paid to him.
